RE: **Notice of Filing a Permit Application**  
Oakridge Class 3 Landfill – 182400-1101  
Dorchester County

The South Carolina Department of Health and Environmental Control (the Department) has received a permit application for an expansion of a Class 3 Landfill for Oakridge Landfill, Inc. After review of the application, the Department has deemed the application as being administratively complete and is beginning the technical review of the submittal. The requirements for Class 3 Landfills can be found in Reg. 61-107.19 SWM: Solid Waste Landfills and Structural Fill, Part V, which are on-line at the following address:

<http://www.scdhec.gov/Agency/docs/lwm-regs/R61-107-19.pdf>

Also, the Department has placed the technical application on-line so that you can review it. You can view the application at the following address:

<http://www.scdhec.gov/PublicNotices/>

Please see the enclosed Public Notice that is being published in an area paper by Oakridge Landfill, Inc. for additional information. If you have any questions regarding the proposed landfill expansion, wish to continue receiving information related to the expansion, or wish to view the permit application, please contact the Department using the information below:

## Public Notice

### Pursuant to S.C. Reg. 61-107.19 and S.C. Ann. Code § 44-96-470(A), Notice of Submittal of Permit Application to the South Carolina Department of Health and Environmental Control

**Applicant:** Oakridge Landfill, Inc. ("Oakridge")  
**Location:** 2175 Highway 78  
Dorchester, South Carolina 29437  
**Contact:** Mark Muckenfuss, Landfill District Manager

**Nature of Proposed Facility:** On or about October 17, 2014, Oakridge submitted to the South Carolina Department of Health and Environmental Control an application for a permit to construct an expansion of the existing landfill at the above location ("Proposed Expansion").

**Description of Site and Proposed Activity:** Oakridge has operated a Class III landfill (also known as a municipal solid waste landfill) on the site since approximately 1978. The landfill is located on Highway 78, approximately one mile northwest of the intersection of Highway 78 and Highway 178 as identified on the location map. The Proposed Expansion will consist of approximately 75 acres to be constructed to the southwest of the current landfill. The Proposed Expansion will accept municipal solid waste as well as other approved non-hazardous waste. The Proposed Expansion is permitted to receive up to 1,144,000 tons per year of waste. The proposed life of the Proposed Expansion is approximately 20 years.

**For further information:** A copy of the permit application can be reviewed during normal business hours at:

EQC Lowcountry Region - Charleston Office  
Attn: Mark Williams  
1362 McMillan Ave, Suite 300, Charleston, SC  
(843) 953-0150

If you would like additional information regarding the Proposed Facility, please contact:

Justin T. Koon  
South Carolina Department of Health and Environmental Control  
Bureau of Land and Waste Management  
2600 Bull Street, Columbia, SC 29201  
Telephone: (803) 898-1339
